Clothing and Workwear Price Guide 2025

Clothing

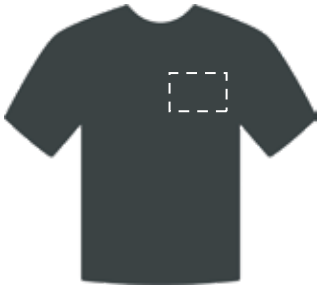

We offer a range of clothing printing services to meet every need. Each method has its unique advantages, and we are here to guide you in selecting the perfect solution for your custom clothing needs.

Embroidery offers a classic, durable finish with intricate detail, perfect for creating a sophisticated look. However, it may not be the best option for highly detailed or very large designs due to its limitations in colour and size.

Heat transfer vinyl (HTV) allows for vibrant, versatile designs with a smooth finish, ideal for custom graphics and small runs. Yet, it might not be as durable as other methods, especially under heavy washing.

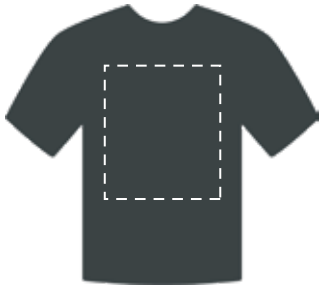

Direct-to-film (DTF) printing provides excellent colour vibrancy and sharp detail on a wide range of fabrics, offering great durability and flexibility for complex designs. On the downside, it can be more costly and may not be the best option for very high-volume orders.

Design work is not included within the prices shown. To discuss your requirements and get a bespoke design quotation, please get in touch to speak to one of or in-house designers.

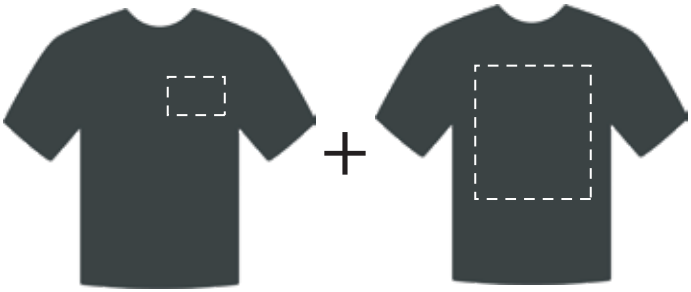

Small - one side

Max - 120mm wide
100mm tall

Large - one side

Max - 270mm wide
320mm tall

Both sides

Max - 270mm wide
320mm tall + 270mm wide
320mm tall
